I think we need clarity from OCIR. Mary can you call Sven to see if this supersedes our two lead papers? If he's not available one of us can give Troy a call.

I see the request is to add HUD to this. Okay so I don't think we have 2 fact sheets. I think in addition to the budget hearing fact sheet there is a request to have topline messages from all the programs that will feed a single document. So should I add the last bullet from the talkers in the hearing fact sheet we sent last night (attached)?

From the email train it looks like the OCIR asked all the offices to draft top line messages on both topics and they are going to integrate.
